The California Department of Water Resources ("the Department" or "DWR") hereby provides notice of its determination of revenue requirements for the period January 1, 2005 through and including December 31, 2005. The Department has made this determination of revenue requirements in accordance with California Water Code, Division 27 (the "Act") and California Code of Regulations, Division 23, Chapter 4, Sections 510–517 (the "Regulations").

The Department has determined that its Retail Revenue Requirement for the period January 1, 2005 through and including December 31, 2005, is \$4.824 billion on a cash basis, consisting of \$3.899 billion in Department Costs and \$0.925 billion for Bond Related Costs.

In reaching its revenue requirements determination, the Department followed procedures consistent with those contained in the Act and the Regulations. The Department issued a proposed determination on September 9, 2004. A copy of the Department's proposed determination was posted on its web-site, <http://www.cers.water.ca.gov>, and was also sent to interested persons who had requested notice of the Department's initial 2003 determination of revenue requirements. The deadline for submitting comments on the proposed determination was September 30, 2004. Comments were submitted by Pacific Gas Electric Company, Southern California Edison Company and San Diego Gas & Electric Company. In addition, the California Public Utilities Commission's Energy Division submitted comments on October 29, 2004. To the extent changes were necessary they have been incorporated within the Department's determination of revenue requirements. The Department has also considered all comments submitted in reaching a determination that its revenue requirement for 2005 is just and reasonable.

This notice is being provided via electronic mail to those persons who received the original notice by electronic mail and by U.S. Mail to every person who has submitted a request for notice by U.S. Mail. This notice is also posted on the Department's web-site.
